## 16,271 Eligible To Vote In City Election

City Clerk Evelyn Mosman today reported that 16,271 Daly City residents will be eligible to vote in the April 12 municipal election. Population is estimated about 40,500.

This is a 1766 increase over registration in 1958 when 14,505 were eligible and 6721 voted, 42 percent response.

There were 11 city council candidates two years ago for three openings.

With only three candidates for two, four-year council terms this time, it is believed the turnout at the polls may not be too heavy, Mosman said.

One race that might change this prospect is the three-man scramble for the city treasurer's position. Paul G. Selmi faces two challengers: Joseph Lewyowitz and Peter J. Becker Jr. In most Peninsula cities, treasurer and city clerk incumbents

seldom are opposed for re-election.

Mrs. Mosman is unopposed for her \$600 post as city clerk-tax collector.

Councilmen Francis Pacelli and Joseph Verducci seek re-election. Wilson is the lone challenger. He served four years on the council here and was unsuccessful for re-election in 1958.

Pacelli was appointed to the council in 1957 as a replacement for City Attorney Paul Hupf. Verducci has been on the council the past eight years. He was mayor four consecutive years.

Four new precincts, bringing Daly City's total to 38, will be established for the April 12 balloting. A complete list of polling places will be published soon.

## 4 CANDIDATES FOR 3 COLMA COUNCIL POSTS

The sparsely populated town of Colma has four council candidates, two of whom are incumbents, running for three posts at the April 12 election.

Incumbents are Earl Taylor, who lives on Hillside boulevard in Colma, an assistant manager at Cypress Lawn cemetery, and Wallace Honeywell, 621 F street, an Olivet Memorial Park cemetery employee.

Fred Garbini, Hillside boulevard, Colma, a machinist for Greyhound Bus Company, and Leslie Balestra, 466 E street, a landscape gardener, also have filed papers for election.

Raymond Ottoboni's term as mayor expires in May, 1960, though he will serve as councilman until 1962. The council will elect a new mayor in May. Councilwoman Rena Vallegria's term will also expire in 1962. Michael Ryan's appointment as councilman expires this year. He is not running for re-election.

## Motorist Dozes, Rams 2 Parked Cars On Mission

Officer Ralph Warren cited Dick P. McDonald, 24, 239 Hahn street, San Francisco, for moving from lane to lane after McDonald fell asleep at the wheel and crashed into parked autos at 6723 Mission street last Saturday at 1:40 a.m.

McDonald, employed by PG&E, was bleeding from the nose when Warren arrived. He was taken to Junipero Serra Hospital by M&D Ambulance. Major damage was done to the front of his auto.

The damaged vehicles belonged to John A. Athey, 6723 Mission street, and George Davis, 1574 Church street, San Francisco. Athey's auto was totally damaged while minor damage was sustained by Davis' car.

## Los Banos Avenue Man, 55, Suffers Fatal Heart Attack

John (Jack) L. Marsh, 55, 79 Los Banos avenue, was pronounced dead on arrival at Junipero Serra Hospital Monday at 9:50 p.m. from an apparent heart attack.

Betty Brush, 101 Los Banos avenue, called police at the request of Maureen Murphy, 15, Step-daughter of the victim. When Officer Steve Steen arrived, firemen, Mrs. Evangeline Marsh, 42, and the step-daughter were administering oxygen.

Marsh was taken to the hospital by M & D Ambulance. Steen learned that Marsh was not in the care of a doctor but had shown signs of having heart trouble.

EDWARD FRANK, 56, took office as new city manager of Daly City, Tuesday of this week. He served Petaluma for eight years as city manager and earlier held similar duties in Turlock, California.

## City Manager Gets Petaluma Testimonial

A crowd estimated at 200 gave Daly City's new city manager, Edward Frank, a testimonial send off Monday night in Petaluma.

Mayor Arthur Tarent of Petaluma and Supervisor Shumacher of Sonoma County gave the keynote speeches, citing Frank for nearly eight successful years as city manager of Petaluma.

Frank reported here Tuesday to assume the \$15,000 a year Daly City assignment.

Attending the testimonial were Daly City Mayor and Mrs. Edward J. Dennis, Councilman and Mrs. Francis Pacelli, City Attorney and Mrs. Paul Hupf, Administrative Assistant Phil Brown, and Planning Commissioner and Mrs. Tony Masini.

Miss Aldrich, 18, of 76 Shakespeare street, was transported to Junipero Serra Hospital following a two-car collision at San Jose avenue and Shakespeare street at 1:30 a.m. Sunday.

Miss Aldrich complained of a pain in her neck. The physician disclosed that she had suffered a muscular spasm in the neck from the whiplash jolt.

She was a passenger in the auto of Ken E. Nickless, 18, of 1858 22nd avenue, San Francisco, a lubrication man. Moderate damage was done to Nickless' auto.

Cited for following too closely was William Edward Beese, 29, a laborer who gave his home address as Ohio. Major damage was done to Beese's car.

## County To Host Informative Meet On Rapid Transit

A special public meeting will be held next week in Redwood City to acquaint San Mateo County residents with engineering plans for the Bay Area's proposed new 123-mile regional rapid transit system.

The meeting is scheduled for 8 p.m. Thursday, March 10, in the Sequoia High School auditorium, Broadway and El Camino Real.

Presenting the special engineering progress report will be top officials and consulting engineers of the five-county Bay Area Rapid Transit District.

Included will be Thomas F. Casey Jr. of San Mateo, one of the county's three members on the district board of directors.

Preliminary engineering on the proposed \$700 million regional rail transit system already is 75 per cent complete. Voters next November will be asked to approve a bond issue to finance construction of the system following earlier action by the county boards of supervisors.

## \$1650 Burglary

A total of \$1650 worth of materials was stolen from Columbus Motors, 7276 Mission street, between 11:30 p.m. Monday and 8 a.m. Tuesday last week.

Milton H. Van Noland, credit manager for the auto dealers, told Officer David Johnstone that a calculator, valued at \$1500, a tape recorder, worth \$145, and a \$5 wall clock were missing. Johnstone said entry was gained by thieves who broke the glass on the front door to the establishment.

Increases Would Total \$67,000

## D. C. HIGH SCHOOL TEACHERS SUBMIT SALARY PROPOSALS

Teachers Association Finance Committee has presented high school trustees and the administration its salary proposals for the '60-'61 school year, which, if adopted, would cost the district about \$67,000 more a year in salaries and run total teachers' salaries over \$1 million in the next budget.

Headed by Clarence Lair of Jefferson High, the committee forwarded two salary schedules for consideration. Schedule A increases the minimum district teacher's pay by \$250, from the present \$4750 to \$5000, and ups the maximum step annual salary \$310, from \$8990 to \$9300. Also requested on this schedule is a boost in yearly and career increments by \$30.

Both Schedules A and B ask that the salary schedule be reduced from 13 to 12 steps and thus would require teachers to complete units for hurdle requirements one year earlier.

Schedule B differs from A in that B calls for a \$300 first step annual salary increase, an increase of \$250 on the top step, and \$20 higher in yearly and career increments. Schedule B calls for a minimum-maximum salary scale of \$5050 to \$9240.

If either 12-step schedule is adopted, the committee recommends that the hurdle years be changed from the fifth, ninth and 13th to the fourth, eighth and 12th.

The report said either new schedule would place the district in a more favorable position for attracting the best people for the approximately 40 new teachers needed by this September.

The 12-step schedule, the report continued, would place Jefferson High School District closer to the salary average of Bay Area secondary districts.

Lair noted in submitting the report: "... it would behoove the district to pass such a schedule in order to retain its strong position relative to neighboring districts in obtaining the best qualified teachers," and also that "professional services merit professional level salaries."

Lair added that the new schedules "only approximately adjust the top step to the increase in the cost of living in this area."

Superintendent Edward Morgan, referring the report to trustees for study, explained that the district is \$450 a year below the minimum teacher salary offered by the San Mateo High School District.

Fred Goodell, district business manager, said present teacher salaries here total \$973,060. This figure does not include summer and night school instructor salaries nor wages of principals and special coordinators.

Lair's committee consisted of Rodney Crittenden, Frank Pustay, Marjorie Erickson, Richard Coltrill, Gladys Rogers and Elman Rose.

JESD Sends 4 To National Conference

Four representatives of Jefferson Elementary School District will fly to Washington D.C., for the March 6 through 10 annual conference of the National Association for Supervision and Curriculum Development.

Explaining will be Superintendent Richard Foster, Assistant Superintendent Dr. Vinton Stratton, and trustees Wayne Douglas and Frank Verducci. All states will be represented at the meeting.

J. P. Sinclair, chief state highway engineer in San Francisco, qualified Evans' statements for newsmen with the point that the new federal directive on freeways needs more clarification and "does not make clear whether a state can build more lanes than the federal limit."

Sinclair said the federal tightening up on freeways is being discussed on higher levels to determine the states' positions and the measures they would have to take to realize

most persons have heard of "The Man Who Came To Dinner" but local police had a different version, "The Ambulance That Came To Dinner."

Sergeant R. E. Oglesby and Officer Harry McCune, of Pacifica's police, spotted an M&D Ambulance cruising aimlessly on Linda Mar boulevard, so they contacted the company, 98 East Market street, to see if anything was amiss.

They were told the ambulance had been stolen. It was missing from 6 to 9:15 p.m. The two policemen stopped the driver, Gary Gilbert Gardner, 19, 231 Manor drive, Pacifica, and asked him what he was doing with the ambulance. Gardner replied that he had "brought the ambulance home for dinner."

He was booked in South San Francisco for taking the ambulance without the owner's permission. The ambulance attendant was released when the owner of the company failed to sign a complaint at the district attorney's office. Officer David Johnson handled the Daly City investigation.

Jack Hohl, 55, a clerk at the pharmacy, said the total value of the wristwatches was \$80. Officer Art Linhares conducted the investigation for police.

CITES FEDERAL POLICY

## Doubts Aired On 8-Laner By Engineer

The prospect that the proposed eight-lane freeway down Junipero Serra boulevard in Daly City might be rejected as financially impossible was a conclusion reached by many who attended the state chamber of commerce meeting last week in San Francisco.

Three hundred Bay Area business and civic leaders heard Henry K. Evans, western area representative for an eastern engineering firm, tell of federal plans to heavily curtail funds for state freeway construction.

Evans explained that the Federal Bureau of Roads has decreed that the extent of federal funds for freeways and their widths now are being determined by the population of the communities involved and that this would mean a drastic cut in federal participation on freeways. In the recent past, Evans added that states have counted on 90 percent federal aid for eight to 12 lane freeways, but this policy no longer will continue.

Evans said the federal government now is limiting federal participation in freeway projects to four lanes (two each way) where the population of the city through which the freeway passes is less than 400,000. If this is true, the Junipero Serra freeway route, approved by the Daly City council and San Mateo County Planning Commission, could not be an eight-laner (four lanes each way) and this might force the state to abandon the project. With less federal funds, the state would have to pay for the bulk of the 8 to 12 lane routes. This would not only delay the state's timetable for new freeways but would bring higher taxes to finance state highway projects.

Evans continued that the federal government would support only six lane freeways in communities where population is between 400,000 and 1,000,000, and eight laners only in cities of 1,000,000 or over.

J. P. Sinclair, chief state highway engineer in San Francisco, qualified Evans' statements for newsmen with the point that the new federal directive on freeways needs more clarification and "does not make clear whether a state can build more lanes than the federal limit."

freeway projections and needs. All freeway planning in the state of California thus far, it was pointed out, has been based on a minimum of eight lanes. One route in the north end of the county, in fact, is planned for 12 lanes (six each way.)

Evans also declared that the federal government's new policy won't allow freeway interchanges closer than two miles apart.

At press time, Daly City officials had not been contacted for comment on Evans' remarks, but McKee Company, builders of Daly City's St. Francis Heights, said the facts brought out at the San Francisco meeting might throw more weight against the Junipero Serra route adoption by the state.

McKeon and the "North County Freeway Committee" last week proposed to the Daly City council and state a freeway route that would go along Brotherhood Way and skirt Lake Merced in San Francisco and thence proceed south along Skyline boulevard. The McKeeons contend that this route would be more logical because it wouldn't necessitate the removal of any homes and wouldn't disturb any existing developments on either side of skyline in Daly City.

The North County Freeway Committee is composed of residents from Winston Manor and

## Burglary Wave Brothers Caught

Three young boys, 11, 13, and 15, were apprehended last Friday by Daly City police after a series of robberies here.

Found in their possession were: Two portable television sets, valued at \$150, taken from Wasco TV and Appliance Company, 2159 Junipero Serra boulevard.

A set of boat lights, a plastic repair kit, a portable torch and several spark plugs from Lloyd's Motors and Boats, 2450 Junipero Serra boulevard.

Numerous bicycles, one of which was identified by its Daly City license number as

Hillcrest Lodge, where Our Lady of Mercy Church women were storing goods for a rummage sale.

Electronics equipment worth \$1255 from the truck of Eddie C. Williams, 168 Hillcrest drive.

A set of boat lights, a plastic repair kit, a portable torch and several spark plugs from Lloyd's Motors and Boats, 2450 Junipero Serra boulevard.

Numerous bicycles, one of which was identified by its Daly City license number as

being stolen. The bikes were in different states of repair in the boys' garage.

A 10-year-old boy told Officer Steve Steen the three youths were inside Hillcrest Lodge last Friday. Steen surprised the 15-year-old Jefferson High School sophomore, and the 13 and 11-year-old Woodrow Wilson grammar schoolers loading clothing and miscellaneous items into a wagon and baby buggy.

The boys' stepfather said he thought the boys had borrowed

the two television sets somewhere and had taken them to a friend's apartment. Officer Matthew Murray interrogated the boys while Steve Steen conducted the investigation.

Steen noted the three lads twice burglarized the Fulton Boat Sales store, 6565 Mission street, but did not get anything. Officer Tom Culley and Lieutenant Bruno Conci helped search the home where the loot was stored. The boys were cited to Hillcrest Detention Home.

## Two Holy Communion Services Open St. Martin's Lent Rites

Lenten activities begin at St. Martin's Episcopal Church on Ash Wednesday with two services of Holy Communion scheduled for 7 a.m. and 10 a.m. and for the following Wednesdays during Lent.

During the Lenten season, the Reverend Allen J. Downey, vicar, will base his sermons on the topics "The Real Meaning of Lent" and "How May I Come Closer to God?" At next Sun-

Sunday, March 6, is also Girl Scout Sunday at St. Martin's. Troops will bring in the flag

and participate in the 9:30 a.m. services.

Other activities for St. Martin's during March include the quarterly meeting of the Episcopal Church Women, which is made up of all the women's guilds of the church. Guest speaker will be Mrs. Theodore Worley, president of the Diocesan Episcopal Church Women.

Another important event coming in March is the Parish Life Conference on March 18, 19, and 20, held under the direction of Canon Trevor Hoy.

### Pacific Man Hurt In Auto Accident

A two-car collision at Junipero Serra boulevard and Parkview avenue last Saturday at 1 a.m. claimed one accident victim.

Alfred J. Caputo, 20, 444 Inverness drive, Pacifica, a guard at the California Golf Course in South San Francisco, was taken to Junipero Serra Hospital by M&D Ambulance.

## Thieves Take Two TV Sets

Thieves who stole two portable television sets from Wasco TV Appliance store, 5159 Junipero Serra boulevard, used more doors than a carpenter to gain entry and make their escape.

The store was looted of the television sets, valued at \$294, between 4:30 p.m. last Monday and 9:45 a.m. Tuesday. George A. Williamson, 361 Bel Mar avenue, owner of the shop, reported the theft to Officer David Johnstone.

Boards were pried loose from a framed hole, apparently formerly used to read gas meters, and entry was gained to a small store room in the back. The hinges of a door leading to the main front showroom were removed. On the way out, the thieves unbolted the rear door and made their escape.

### TAPE RECORDING AIDS STUDENTS AT VISTA MAR

Miss Wade's kindergarten classes at Vista Mar School enjoyed a very different type of "Sharing Time" this week. With the aid of a tape recorder, given the school by the Vista Mar PTA, the children were able to share their experiences with each other, hear their own stories replayed, and discuss the results.

Another new buzz of activity at Vista Mar was when four student teachers joined the faculty. These prospective teachers are enthusiastic about their classes and interested in the professional training they are experiencing.

The student teachers are assigned with Vista Mar resident teachers as follows: Dennis O'Leary with Mrs. Ione Farmer, first grade; Mrs. Nancy Rice with Miss Margaret Dwyer, second grade; Leonard Sarkon with Mrs. Jean Oberlander, second grade, and Dan Harrington with Miss Mary Helen Monroe, second grade.

### CROCKER-PERSHING KIDS

## Cub Pack 62 Conducts Bicycle Inspection, Checks About 100

Cub Pack 62 conducted its first bicycle inspection for the boys and girls of Crocker and General Pershing schools on February 20 at Crocker school. About 100 bikes were inspected, 26 of these belonging to Cubs of the Pack. These boys will receive safety awards at the next Pack meeting.

The bikes were checked by Donald Pagani, principal of Crocker-Pershing; Jack Galente, Walter Hansen, and Jack White, president of Crocker-Pershing PTA.

Harold Heisch, awards chair-

man, and Larry Heap put the children through the obstacle course. Officer Richard deLoza of the Daly City police department and L. Anderson, sixth grade teacher at Crocker school registered 31 bikes. This was the largest registration since the first registration of bikes in Daly City a few years ago.

Cubmaster Harold Jones noted that of the 100 bikes inspected, only 12 were found unsafe. Cards were sent home with these children to inform the parents of this condition.

## Mrs. Gene Sebastiani Awarded Westmoor PTA Life Membership

A Life Membership, the highest honor which it is possible for the Parent-Teacher Association to bestow, was awarded by the Westmoor PTA unit to Mrs. Gene Sebastiani, 91 Lake Forest drive, Daly City, on Thursday, February 18, before a standing room only audience which came to observe the Founders' Day program.

Mrs. Sebastiani was cited as having helped young people throughout the years in varying, unselfish capacities from her mother in the Boy Scout organization to student activity chairman this year and while eloquent praise was being heaped upon her, it was noted that she was missing from the audience. A frantic search located her in the cafeteria, and as had been suspected, she was serving punch to the young singers who had entertained.

Another singular honor was bestowed by the Westmoor unit upon its first president,

Mrs. Howard Dunbar, who had a beautiful graphic history of art presented to the school library in her name.

The Westmoor students' glee club, under the direction of William L. Ardis, presented a musical program which stood out for its professional accomplishments. The religious numbers were unusually well done and the comedy routines had the audience in laughter. The soloist, Miss Janice Ewert, was impressive with her poise and clear fine voice. Mrs. Larry Green, president, announced that the next meeting would be held on March 17 at which time new officers will be nominated and the program will be put on by drama students.

At the conclusion of the program, and business meeting, guests were served refreshments in the cafeteria under the supervision of Mrs. Robert Goodwin.

(Continued from Page 1) son of the fact that the state would be utilizing property they already own which would preclude the condemnation of anyone's property, whether it is residential or commercial that the cost of this road should be considerably less than any of the six routes presently being considered," McKee went on.

"Obviously, the benefits for the Daly City area would be great from the tax structure, in that it does not eliminate property—either commercial or residential—for tax aids to the municipality."

Sinclair's office, meanwhile, earlier had indicated that it would announce its recommendation of Daly City route on March 24. This recommendation goes to the State Highway Commission which has the final authority.

## Inquiry On War Orphans Education

Q My daughter is eligible for war orphans education. She has a physical handicap and would need special restorative training. How much such training would she be entitled to receive and would this be deducted from her other schooling?

A The amount of time allowed for restorative training would be whatever VA decides is necessary to overcome her disability or to minimize its effects so she can pursue her education. Special restorative training may not in any case exceed 36 months. It is not deducted from entitlement to War Orphans school training.

## Callan Seeks Re-election As 1st District County Supervisor

Supervisor Thomas J. Callan, 69, the present chairman of the San Mateo County Board of Supervisors, today formally announced his candidacy for re-election on June 7. Callan represents the North County First District which includes South San Francisco, Daly City, Colma, Pacifica, San Bruno, Brisbane and Bayshore. Election is by county-wide vote.

Callan, now completing his second term, was first elected in 1952 by a landslide vote plurality. Four years ago in his second bid for the county's highest elective post he ran unopposed.

A longtime leader in local and county government affairs, Callan has always strongly ad-

and sincere interest in county governmental affairs provides him with the necessary qualifications to deal effectively with the county's welfare and public service requirements during its greatest period of growth.

In his opinion, the supervisors must deal realistically and with sound judgment when considering any proposed expansion of the services which the county presently offers its citizens. He said that the administration of tax-supported services should be carried out efficiently and economically and at the lowest possible cost to taxpayers.

Callan further stated that it will be his aim to broaden the tax base by continuing to encourage new industries to locate in the county and to assist in the current program to attract tourists and conventions here. He said that these projects will not only enhance the county's business climate, but will also provide a major source of new tax revenue.

Prior to his election as supervisor, Callan was trustee for six years of the Jefferson High School District and was chairman of the San Mateo County Harbor Board for the same number of years. During his term on the harbor board, substantial impetus was given to the Pillar Point Breakwater development now under construction on the Coastside. For eight years he has served as Supervisors' Representative on the County Planning Commission. He is also completing his eighth year as a director of the North County Sanitation District with headquarters in Daly City.

The broad scope of his interest in all phases of county government is indicated by his recent appointment to the County Mental Health Advisory Board.

His regional and state affiliations include membership on the Fish and Game, Health and Hospital and Water Resources Committees of the State Supervisors' Association; Tri-City Planning Council; South Bay Planning Committee; Bay Area Water Problems Committee; San Francisco Bay Area Council and Central Coast Regional Association of County Supervisors. In addition he is chairman of the San Mateo County Boundary Commission and a director of the Shoreline Planning Association of California.

voted a system of government that provides adequate public services at reasonable cost.

Before retiring some years ago in order to devote practically full time to his supervisory job, Callan was a successful livestock rancher.

He has lived in the county all his life and still resides in the house in which he was born at 350 Washington street, Colma.

Supervisor Callan and his wife, Elizabeth, recently celebrated their 43rd wedding anniversary. The Callans have two sons, three daughters and 19 grandchildren.

In seeking re-election to a third term as supervisor, Callan stated that his long experience

## SF State College Intern 'Observes' DC's Government

Hubachek is supervised here by Phil Brown, city administrative assistant. The intern does typical administrative work and observes the conduct of city business. He also attends Daly City council meetings to evaluate councilmanic functions.

## Jeff Principal Elected Foster Home Chairman

John Mongan, principal at Jefferson High School, was recently elected chairman of the 20-member Advisory Committee for Foster Home Recruitment in San Mateo county.

Mongan was asked to take over the presidency by Loren A. Beckley, Chief Probation Officer of San Mateo county. He accepted the post. Superintendent Ed Morgan, of the Jefferson High School District, said, "I know of no one better qualified to give leadership to this very important facet of the county's program."

The group had its first meeting early in February and has a second scheduled for March 17. Mongan said it is a citizens committee to assist the county's juvenile probation and public welfare departments in locating proper homes for troubled children.

Some of the other local leaders on the board are Rabbi Sanford Rosen, Superior Court Judge Frank Blum, Ed McDonald, San Mateo County Board of Supervisors; and Father Thomas Regan, of the Catholic Social Service.

## 25th District

## FRANCIS ANNOUNCES CANDIDACY FOR 4th TERM WITH ASSEMBLY

Assemblyman Louis Francis of San Mateo announced today that he will seek his fourth term in the state legislature at the November general election.

Francis, 36, who represents the 25th Assembly District, consisting of the northern half of San Mateo County, has successfully authored many major laws designed to promote the health, safety and welfare of the people of California, as well as the residents of his own assembly district.

His legislative "box score" during the 1959 Sacramento session resulted in 37 of his bills being passed by the assembly, of which 33 were approved by the senate. Both houses of the state government, also passed five of Francis' concurrent resolutions, while the assembly passed eight of his house resolutions.

In addition, Francis co-authored many other bills which were signed into law.

During his entire tenure in office, Francis has successfully fought for passage of numerous state laws, particularly in the fields of school instruction, narcotics, drunk driving, tax relief, highways and bridges, aid to the handicapped, and civil rights. His important drunk-driving laws received national acclaim.

Francis has also been assigned as chairman to conduct important interim studies, research programs and investigations, in order to provide a sound foundation for future legislative action. Notable are the three which provide blueprints for (1) curtailing the multi-million-dollar pornographic and smut publishing business which preys on youth;

LOUIS FRANCIS

(2) protection of the public by the effective state regulation of the "Pay TV" industry; and (3) the establishment and development of small boat harbors.

Francis was first elected to the California State Assembly at a special election and has since been twice re-elected at general elections. He is a senior member of the San Mateo law firm of Miller, Francis, Miller and Osborne.

The state assemblyman is a member of the American Legion, Veterans of Foreign Wars, Native Sons of the Golden West, American and California Bar Associations, American Judicature Society, Knights of Columbus, Elks, Military Order of World Wars, Druids, Lafayette Club and St. Matthew's Men's Guild. He lives at 129 Castilian way with his wife, Alice, and four children, Patrick, 10, Michele, 6, Janice, 4, and Mark 2.

## 'SCHOOLROOM PROGRESS'

## Traveling Historical Exhibit Here For Children To Inspect

A famous traveling historical exhibition of American schoolroom development which has been viewed by several million persons on a nationwide tour will visit San Francisco Wednesday through Monday, March 2 to 7, during its first appearance in California.

Called "Schoolroom Progress U.S.A.," the exhibition fills two special railroad cars which will be open to the public without charge at the Southern Pacific station at Third and Townsend streets. Hours will be from 9 a.m. to 7 p.m. Thursday through Saturday, 1 p.m. to 6 p.m. on Sunday, and 9 a.m. to 6 p.m. on Monday.

The invited guests include Mrs. A. Boyd Pucinelli, San Francisco, president of the PTA 2nd District, and Mrs. J. B. Mills of San Bruno, president of the PTA 17th District. School superintendents include Charles H. Davis, South San Francisco, Richard L. Foster, Daly City, George Lawry, San Bruno, Earl Kuhn, Millbrae, Frederick E. Lucas, Pacifica, Mrs. Lois J. Barrett, Brisbane, and Mrs. Natalie M. Lipman, Bayshore.

In the earliest of the authentic "old" schoolrooms of the train are such exhibits from the Ford museum collection as an 1822 map largely of unexplored America, ink pots, quill pens and an ink stand for pouring sand over wet ink as a blotter. Some of Noah Webster's original dictionaries, McGuffey readers and other historic textbooks also are on display.

The progress of schoolroom lighting is shown by the advance to kerosene lamps and then early electric lights with bamboo filaments. The pot-bellied stove replaces the 1840 open fireplace. In a room of 1870 a desk on which Henry Ford carved his own initials as a boy is exhibited. By 1890 the

teacher had a picture projector operated by kerosene light as a teaching aid.

From the "old" car visitors will move into the "new" car with five beautiful miniature classrooms, bright with color, well lighted, sound conditioned, and equipped with the most modern teaching materials and equipment, from typewriters to TV. Kindergarten, elementary, industrial arts, office practice and home economics classrooms are included. Chalk boards are of glass, erasers are foam rubber, and maps can be marked and erased. The shop is equipped with power tools and the office practice room with calculators and copying machines, illustrating how modern schools train students for future jobs.

"Schoolroom Progress U.S.A." will be in San Jose March 10 to 14, Lee said.

## Superior Duty For Army Earns Local Man \$200

A Daly City resident is \$200 richer today because of the "superior manner" in which he performs his duties at Fort Mason, California. He is Max E. Teed, 97 Garden Grove drive, a civilian employee with the Procurement Division of the U. S. Army's Pacific Transportation Terminal Command.

A federal employee for ten years, Teed is responsible for the administration of Army contracts with stevedoring companies on the West Coast.

In addition to the cash award, he was presented with a Performance Certificate by the commander, Brigadier General Robert C. Tripp.

## Superior Judge Dematteis Files For Re-election

Superior Judge Louis B. Dematteis, 48, today filed notice of intention to seek re-election in the June primary.

Dematteis has been on the superior court bench in San Mateo County since October 14, 1953, when he was appointed by then Governor Earl Warren, now Chief Justice of the U.S. Supreme Court.

Not only does Judge Dematteis preside over a busy calendar in his own court, but he likewise serves as presiding judge and also as a member of the appellate department of the superior court.

The appellate department hears cases on appeal from the five district municipal courts of San Mateo County.

Aside from his court duties, Dematteis is devoting his after-court hours to plans for establishing a marriage counselor to assist the Court of Conciliation. It is his hope that such an office will reunite couples headed for divorce.

JUDGE DEMATTEIS

Previous to his appointment as judge and later his election to the post, he was chief deputy district attorney, assistant district attorney and district attorney of San Mateo County.

A native of Redwood City, he has resided here his entire life with the exception of an 18-months tour of duty with the Navy.

He attended grammar and high school in Redwood City, College of San Mateo, Lincoln University and the University of San Francisco where he received his degree in law.

Dematteis takes active part in the Sequoia Kiwanis Club, Boy Scouts, American Red Cross and numerous Catholic organizations.

Mr. and Mrs. Dematteis and their five children, ranging in age from 10 to 20 years, reside at 823 Blanford boulevard, Redwood City.

## New Law Aids Widows Of World War II

Q—We have a neighbor, a widow of a World War II veteran, who formerly was not eligible for pension. She will be under the new pension law. We'd like to help her. What points in the new law should we emphasize to her?

A—To qualify for pension, widows and orphans of World War II and Korea veterans formerly were required to show that the veteran at time of death had some service-connected disability. This is not necessary, under the new law which becomes effective July 1. To be eligible, your neighbor need only show that her veteran husband was in active service 90 days or more and was discharged under other than dishonorable conditions, and that her incomes does not exceed legal limits.

Q—Mostly when you hear about veterans, it's about men. Aren't women veterans also eligible for the benefits VA administers?

A—Yes. Women veterans are eligible for the same benefits and under the same conditions as men. There is no differentiation as to eligibility in the law.

Q—Is a "peacetime" veteran with a disability rated 50-percent entitled to more compensation for dependents?

A—Yes. Peacetime veterans rated 50-percent or more disabled may be entitled to additional compensation for a wife, minor children, or dependent parents.

Q—Is it possible to get a replacement for a lost discharge?

A—Yes. Write to: Department of Defense, Military Personnel Records Center, 9700 Page Boulevard, St. Louis, Missouri. Give them your branch of service and tell them you want a Certificate in Lieu of Discharge.

Stored in 43 Federal civil defense warehouses across the nation are about \$225 million worth of medical and engineering supplies, reports OGD.

## AROUND TOWN

By ROY HURLBERT

PAUL HUFF at last week's Daly City council meeting thanked "department heads and many city employees who gave me fine cooperation throughout my tenure as acting city manager."

Huff did a journeyman job in the temporary capacity the past six months. He shouldered much of the high-level responsibilities—and he shouldered them well.

The council routinely thanked Huff for a typical job well done.

POLITICALLY young Bob St. Clair, the largest councilman in captivity, should know by next week if he will try for 25th District State Assemblyman. Bob's associates in the Demo party here feel he will get the county's central committee endorsement to run for the post. Even Leo Ryan, South SF councilman-school teacher who lost against incumbent Louis Francis, is ready to bury the hatchet and support St. Clair's attempt, it has been disclosed.

MANY people are wondering what happens should Joe Lewkowicz, elementary school board chairman, win the Daly City's treasurer's job on April 12. Could he legally hold down both public offices?

The thinking is that Joe will have to resign from the school board if he captures the municipal office. Trustee duty is non-paid, while treasurer is salaried—thus the need for a ruling on the Lewkowicz dilemma.

CITIZENS of Petaluma flocked like chickens to say farewell and thanks to Daly City's new administrator Monday night.

The speakers lavished praise on Ed Frank, wishing him well and emphasizing that they lost him only because his Daly City job would be a promotion and the pay would be higher.

Frank will always be welcome in Petaluma. He was an asset to that town of 16,000.

RICHARD "Dick" Foster, the Marin man in charge of Jefferson Elementary School District, is highly regarded by his confederates in the teaching profession.

One of Foster's extracurricular activities is instructing doctorate-in-education candidates at University of California in Berkeley.

The mighty minds at UC assign only first caliber administrators to give this instruction.

"I AM NOT withdrawing from politics, and plan to enter partisan politics at some later date."

This declaration was in former Muni Judge Tom Bocci's press release in which he confirmed that he will not be a candidate for the Superior Judge election.

OUR nomination for the world's "hardest-to-negotiate-up-hill" street is Daly City's eastside Rhine street.

It's like ascending a mountain without spurs or climbing gear.

DOELGER engineer Carl Timmons dresses the part of the Westerner he is. "Tim" is from Arizona (Phoenix and Tucson), and his field attire, boots and army sun-tans, sort of reflect his early environment.

Carl got his engineering education and credentials at Oregon State College. He worked for several years in the profession around Portland, the Rose capital.

SUCH simplicity in the way kids describe accepted phenomena.

Wee Curt Dayton, an Abbot avenue toddler (almost four years old), spotted the moon one evening and frantically ran shouting to his mom: "The moon is broke."

The lad was almost sobbing.

How can you explain to a little guy that this time of year the moon is crescent in shape? Honest, Curt, nobody dropped the moon and shattered it. Or are the natives on Mars restless these nights?

WE FIRMLY recommend taking the whole family, including grandma, to see the film "On The Beach."

Not since the closing scene in "All Quiet On The Western Front" have we been more impressed with a finale.

In "On The Beach," in which everyone is doomed by radiation, the grim tale ends with a banner fluttering in the breeze. It reads: "There is still time, brother."

Still time to throw all efforts for peace and avert push-button world destruction.

"On The Beach" is dated 1964. It's theme is not so far-fetched.

The message comes home loud and clear.

## Elks Club To Award Student Scholarships

The South San Francisco Elks Club, Unit 2091, today announced it will present \$150 scholarships to outstanding students at each of the four north county high schools.

Faculty committees at Jefferson, Westmoor, South San Francisco and Capuchino high schools will select the students on the basis of ability, scholarship and need.

Adolph C. Harrison Jr., a Capuchino teacher, is chairman of the Elks scholarship award committee.

## Navy Announces Eligibility Change For Nurse Corps

Lieut. Grace O. Fisk, Navy Nurse Programs Officer for Northern California, Nevada and Utah, today announced a change in the age and professional requirements for direct commissions in the Nurse Corps.

Age requirements formerly ranged from 21 to 40. Now, under the new requirements recently approved by the Secretary of the Navy, the eligible ages range from 20 to 34.

Initial appointments as Nurse Corps officers are made in the grades of ensign through lieutenant (senior grade), depending upon the age, education and professional experience of the applicant.

The age for appointment as an ensign is 20-28. No professional experience is required.

## TRUSTEES MULL POLICY ON REPORT CARD DISCREPANCIES

Report cards and deficiency notices came under closer scrutiny after Jefferson High School District trustees and the administration discussed the problems they involve last Monday.

Westmoor Principal Glenn South told the board that approximately only 30 per cent of the deficiency notices, handed out every four weeks, come back to the faculty. Superintendent Ed Morgan said that many of the notices never even reach home.

Deficiency notices are for students who are not keeping up to the level expected of them, for instance an A student receiving C's, or those that are failing courses. Morgan said it is the teachers' way of notifying parents that students aren't doing peak capacity work.

Trustee Lyl Ingersoll demonstrated the gravity of the problem by mentioning to board members "forged" report cards. "Students are failing but their parents never hear about it," he said, adding, "an investigation should be made of students who 'lost' their report cards."

He noted that the district

hasn't the staff to ascertain the actual number of signings of report cards. "A mailing and filing process, with checked signatures, would cost the district a total of \$14,000 for this one aspect of schooling," he said.

Jefferson High School Principal John Morgan stated, "This is a moral problem and one we cannot cope with administratively."

Morgan replied that a check could be made but the time involved would be too great. "Report cards are given out quarterly while deficiency notices are sent out every four weeks. Considering each student has six units, this would amount to a check of all 3000 students encompassing 18,000 total grades," he clarified.

"Grades and getting grades home for parents' perusal is of paramount importance to us," Morgan said. "If parents wish to have the cards mailed to them we will comply," he noted.

"One thing is for sure," Morgan stated, "students can't change the permanent records we have on file. It is a moral problem and one that is not easy to clear up," he added.

Further meetings of administrators and board members will take place before any course of action is taken.

## HOLY ANGELS SOFTBALLERS WIN OPENER

Holy Angels' Pack 261 Bee team defeated the highly touted Bee team of Saint Anne's by a score of 9 to 1 last Saturday in the opening game of the West of Twin Peaks Cub Scouts Softball League.

Led by hurler Mike Varni, the Holy Angels nine made every play pay off. Johnny Murphy's sacrifice in the third brought in Al Oleese and Tommy Dennis to begin the rally which clinched the win. Coupled with the brilliant infield work of Larry Nannini, Gary Sanguinetti and Graham, and the outfield of Greg Shaffer, Jimmy Noonan and O'Shea, the fourth graders held the power drive of Saint Anne's to a single homer, backed up by Price, Dal Porto and Kasko.

Coaches Barney O'Shea and Vince Murphy look forward to this youthful nine to bring the winner's trophy to Colma.

## Germany Trip For Volkswagen Dealer, Wife

On the basis of the first two months business, Howard Duvall of Daly City Volkswagen predicted today that 1960 would see another record set by Volkswagen car and truck sales in the United States.

Duvall, who, with his wife, will leave March 13 on a two-week tour of Germany, said that current sales plus the 1959 record of 120,000 cars and 30,000 trucks and station wagons emphasized the steadily increasing acceptance of Volkswagen over an expanding area of the American small-car field.

Duvall said that he and his wife will visit the passenger car factory at Wolfsburg and the truck plant at Hannover. He pointed out that VW production lines constitute one of the largest facilities in the world, covering 10,000,000 square feet of floor space with 6,000,000 of it devoted to passenger car production alone.

Since January 1, 1949 annual production has been increased from less than 20,000 units to about 704,935 which are sold in virtually every country in the world.

The town of Wolfsburg where Mr. and Mrs. Duvall will meet VW executives, was designed and built to house more than 35,000 employees and their families and it is growing every year. It has more children and automobiles per capita than any other city in Germany. In 1948, Duvall said, factory personnel, which includes many refugees from behind the Iron Curtain, bought eight cars from the company while last year the figure was over 4000.

Volkswagen sales last year exceeded \$650,000,000 throughout the world, with the U. S., Sweden, Canada, Belgium, Holland, Australia and Austria the largest export customers. In the United States, Volkswagen of America has 15 distributors and nearly 500 dealers from coast to coast.

Mr. and Mrs. Duvall will fly by chartered Scandinavian Airlines System plane with other Northern California dealers direct to Germany where they will be guests of Volkswagenwerk. After visiting the factories, they will be escorted to Berlin, Munich, Heidelberg, Rothenburg and Frankfurt.

## KITE DERBY CHAMPIONS ANNOUNCED

The third annual Kite Derby sponsored by the Department of Parks and Recreation and the Lake Merced Optimist Club was staged last Saturday afternoon at Colma School and Westlake Park.

The Colma site found 25 kites in the air as Steve Jackson and Dick Delfino were awarded trophies for the kite going out the greatest distance within a given time limit. Vicki Vollers made off with two trophies as she was the first person to get her kite launched after the signal was given to start, and her kite was judged the most directly overhead at the end of a specified time limit. Ken Kaleika was also a double winner when his kite was judged most original kite entered and also the smallest kite entered.

The Westlake Park Derby was more like a track meet than a kite derby as contestants ran back and forth trying to get their kites into the wind currents only to see them fall back to earth when running space ran out. Plans are being formed to transfer this event to Westmoor High School next year.

The Oczkus brothers, Craig, David and Brad, took home the trophy for the first kite launched. John Asaro won the trophy for the kite most directly overhead. Other trophy winners were George Arabian, Robin Orr, Tim Wooster and David Ewing.

## Capacity Attendance

## NATIVE DAUGHTERS CELEBRATE FIFTIETH ANNIVERSARY HERE

The members of El Carmelo Parlor No. 181, Native Daughters of the Golden West, celebrated their 50th anniversary on February 27, filling the hall to capacity.

The Blue Room in the Crocker-Masonic Temple with the gold decorations was a perfect setting for the entrance of the officers in their gold brocade formal. They were followed by the Marine Corps Color Guard.

The new flags were dedicated by Mrs. Louise Eliason, president of the Past Presidents' Social Club; Mrs. Alice Oldham, Supervising District Deputy Grand President; and Mrs. Hallet Michelson, Junior Past President.

Daly City Mayor Edward Dennis extended greetings and congratulations on the 50th anniversary, stating that the Parlor was one year older than Daly City.

Grand President Maxine Porter was presented with a white orchid by El Carmelo Parlor No. 256, Native Sons of the Golden West.

A brief history of the Parlor's activities during the 50 year period was interesting and contained many humorous incidents as well as the tragic ones when two different meeting halls were destroyed by fire, one in Colma and one in Daly City.

The five charter members were especially honored by receiving 50-year pins and life memberships in the Parlor, the presentation being made by Grand President Maxine Porter. Those so honored were: Mesdames Margaret Callan Steele, Hattie Crawford Kelly, Ann Manning, and Matilda Kunz Heeringa. Bertha Grady, the fifth member, was unable to be present.

Twenty-five year pins were presented to Lorraine Gregoire and Margaret Clatterbuck; the latter is living in Ohio at present and her pin was accepted by her mother, Mrs. Margaret Steele.

The grand president graciously accepted donations from El Carmelo Parlor, presented to her by Chairman Mrs. Christine Hulme, for the Leslye A. Hicks Home Health Fund, the Dishwasher Fund for the Native Daughters Home, and the Children's Foundation Fund. She gave an interesting message, touching on the work and principles of the Order and on her theme for the year, "Americanism."

Vocal selections rendered by Mrs. Eleanor Gray, Misses Anne Kerwin and Georgia Jacks, were enjoyed during the evening.

Refreshments were served in the banquet room where a replica of the Mission Carmelo was displayed on the stage and was a great attraction.

Among the local dignitaries present were Chairman of the Board of Supervisors Tom Callan and Mrs. Callan, Supervisor

## Evangelist Opens Baptist Church Series

Evangelist Tom C. Fair of Portland, Oregon, has been engaged by Calvary Baptist Church of San Francisco, located at 5655 Mission street, to conduct a series of evangelistic services beginning Sunday, March 6, and continuing nightly at 7:30 through Friday, March 18, according to the Rev. Roy H. Austin, pastor.

Formerly a mill superintendent, then a successful rancher in Central Oregon, Fair became addicted to alcohol and adopted an atheistic philosophy of life until the tragic death of his only child turned his attention to spiritual realities. Following his remarkable conversion he studied for the ministry and entered the evangelistic field about 12 years ago.

Special music will feature each service, including numbers by the evangelist who was on radio and stage for ten years with his own troupe of entertainers. The public is invited.

**6th GRADERS WATCH CASE IN COURT**

The sixth grade children of Cecile Paynter's class at Westlake School recently visited Judge Charles Becker in Municipal Court. It was a thrilling experience for the youngsters.

Judge Becker stopped and explained courtroom procedure from time to time as the case progressed.

Seeing "Our Courts in Action" made a wonderful and surely a lasting impression on these boys and girls.

Since the class had to leave before the case was concluded, Judge Becker wrote a letter to the class giving them, in detail, his decision in the case.

## Nick Sutter Bowls High Series At Westlake To Pace Teammates

A parade of 600's on Johnny Swanson's Westlake Bowl lanes was led by Nick Sutter. Nick, a member of the Zaharis TV, 252-202-212-666, which is one of the highest series rolled on the Westlake lanes. His onslaught gave his team a sweep over the Old Friends.

Ed Chan, anchor on the American Poultry, was the big gun as they won all three from Peninsula Motors. Ed put together games of 207-213-233-653.

Schilling Coffee's anchor, Norm Stenback, had 214-187-232-633 to blank Castagnetto Roofing.

In the battle of the teams from Colonial Savings and Loan, Fred Plowman, of the No. 2 team came through with 222-162-246-630 to shut out the No. 1 five.

Mel Schiller finally hit the charmed circle with 226-191-212-629 to lead Francisco's Pharmacy to a 3-0 win over the Westlake Liquors.

Lou Biondi's 236-605 helped Armour Bacon to win the odd game from the E. Carlson Realty Five.

George Santos' 236-603 went for naught as his team, Santo's Satins, dropped the odd game to the Alley Cats.

## Inquiry On War Orphans School Rights

Q—Is it possible for a young man or woman to take a regular high school education under the War Orphans school program?

A—No. The law prohibits regular high school studies under the program. Many below-college-level courses may be taken, but the course must be one which offers specialized vocational training which will equip the student for a vocational goal.

Q—I am the widow of a World War II veteran, and up to now have not been eligible for a pension because my husband's death was not service-connected. I understand the new pension law has changed that, and that I may now be eligible. Is this correct?

A—Yes. Widows of World War Two and Korea veterans may now be eligible if their husbands had 90 days or more of active service, part of it during wartime, and were discharged under other than dishonorable conditions. The widows' income, of course, must not exceed legal limits for pension eligibility.

Q—I have just reinstated my Government insurance and don't want it to lapse again. How can I use my dividends to keep my insurance from lapsing?

A—Before your next dividend is due, ask VA to hold it for you as a credit. Once this dividend credit is earned, VA can use it to keep your insurance in force. VA does this by withdrawing a monthly premium from your dividend credit whenever the premium due is not paid by the end of the 31-day grace period.

Q—I am at school under the Korean GI Bill and don't feel I am making satisfactory progress with the course I am taking. Can I change it?

A—Yes, that is possible, provided of course that the lack of progress is not due to your own misconduct, neglect or lack of application, and if you have not already had a change of course up to now.

Right-of-Way Violations Often Fatal

Mistakes in judgement are the major factor in most traffic accidents that result from right-of-way violations, according to Captain John W. Kennedy, commander of the California Highway Patrol's Redwood City unit.

Captain Kennedy said that about one injury or fatal accident out of eight is caused by a right-of-way violation. Only excessive speed causes more highway crashes.

"In almost all of these incidents, at least one of the drivers made a mistake in judgment," he declared. "Even highly intelligent people are subject to these errors. They can become impatient at what seems an excessive delay. They can even misjudge the speed of an approaching car, or just fail to look around because they are concentrating on something other than their driving."

Captain Kennedy declared that the use of good judgment at all times will minimize the chances of becoming involved in an accident. In right-of-way situations, good judgment suggests that if there is any doubt at all, yield the right-of-way to the other fellow.

"The delay might be for as long as a minute or two, but the penalty for not yielding could be eternity," the Highway Patrol commander observed.

## SUNDAY SACRIFICES

## Lenten Season Donations Aid Catholic Social Service Work

A world filled with tension and beset by political, military, social and economic crises begins the Holy Season of Lent this Wednesday. During the 40-day period, Christians of all nations will observe fasting and prayer, ending with observance of Easter Sunday on April 17, the feast of the Savior's Resurrection.

Ash Wednesday services at all Catholic churches will open the Lenten season with distribution of the Holy Ashes as a mark of penitence. The Stations of the Cross will be part of special evening devotions during Lent.

Following Ash Wednesday rites, all Catholics of the Archdiocese of San Francisco will make a Lenten sacrifice on Sunday, March 6 — First Sunday of Lent — by contributions to Archbishop Mitty's Charity Appeal, supplementing their usual sacrifice of minor luxuries by assisting the Archdiocesan social welfare program, which aids neglected and dependent children, families

and individuals needing counseling, and the increasingly important program of the Catholic Committee for the Aging. Archbishop Mitty's Charity Appeal is contributed by Catholics on the Sunday when the Epistle read at Mass concerns the Good Samaritan, who besides showing compassion to the injured man, left money with his inn-keeper to defray costs of the man's food and shelter during the Good Samaritan's absence.

Catholic Social Service operates 12 agencies within the Archdiocese, staffed with professionally trained caseworkers to assist families with marital troubles, emotional disturbances, etc. In the field of child welfare, the agency makes placements in foster homes or institutions while seeking to reunite the family unit. Its adoption program is concerned with finding adoptive parents for children hard to place, due to age, racial background or other handicaps.

## Skyline Unit Rainbow Girls Name Officers

Carrying out the theme "Fidelity, the Star of Friendship," all of Betty Anne McGuffin's new officers carried white stars outlined with blue flowers at the recent third installation of officers of Skyline Assembly, Order of Rainbow for Girls.

After an ice-skating party the 34 members of the assembly are anxiously awaiting matinee and swimming parties. Betty Anne has planned as her service project for every member to hem two aprons apiece which will be given to the blind children's school in Berkeley where they will be used as bibs at meal-time.

As a money-making project the assembly is planning a plant sale. It will be held April 2 in the Broadmoor-Westlake area. Heading the active committee is Carol Hilton. The plants will make beautiful and permanent Easter gifts.

The newly installed elected officers are Betty Anne McGuffin, Worthy Advisor; Carole Craner, Worthy Associate Advisor; Janet Witcosky, Charity; Marilyn Hunt, Hope; and Phyllis Diltz, Faith.

Appointed officers include Dian Blum, Gail Cartwright, Sue Dupont, Susan Ecker, Sharon Ellington, Trudy Felker, Lynette Fishel, Roselle Fishel, Peggy Funston, Linda Galos, Carol Hilton, Cynthia Lewin, Barbara Newman, Susan Schmale, Annette Tonge and Carol Van Ham.

Providing the musical background at the meetings held twice a month are Patricia Choje, Laurel Cole, Nancy Danielson, Sandra Gardner, Jon Karras, Kathie Schoenfeld, Barbara Simmons, and Rena Snyder. For any further information concerning Skyline Assembly, call Mrs. Betty McGuffin, OV 1-1703.

## Rotary Hears Speaker On Contact Lenses

"Contact Lenses and the Space Age" is guest speaker Xavier Villagran's topic for this Wednesday's Daly City Rotary Club meeting at Westlake Bowl.

Optometrist Lou Minkin, program chairman, invited Villagran, a representative of Kontour Kontakt Company, Banker Ed King is fine master for the noon session.

Next week the club will hold its annual election of officers, according to President Parkes Harris. Lee Brillhart is program chairman and Frank Phillips will be fine master.

Last week program chairman Tom Lewis had as his guest Dr. Willard Fleming, dean of the College of Dentistry, University of California. Fleming traced the development of dentistry, pointing out that as a profession the field is only 120 years old.

"When a child loses a tooth from decay," said Fleming, "he has a right to blame either his parents, himself, or his dentist."

Sixty-two Rotarians and their guests—the largest turnout in recent club history—attended the program.

Rotarian Brillhart last week presented Joel Page from Monrovia, Liberia, who is in this country under a United Nations Fellowship. He is studying at San Francisco State College, from where he will proceed to Sacramento, New York and Washington D.C. to gain information on traffic, customs, and public administration.

"You save more than money with U. S. Savings Bonds" is the Treasury's bond advertising theme for 1960. Part of the savings of every citizen belongs in his country's bonds, now better than ever.

## Former Africa Missionary To Speak Here

The Rev. E. V. Wright will be the guest speaker on Sunday evening, March 6, at Broadmoor Presbyterian Church. This is the third of a series on the study of Africa planned by the Mission Committee. The Sunday evening program consists of a 6 o'clock snack supper, 6:30 discussion groups and guest speaker at 7:15.

Reverend Wright studied for one year in Belgium preparing for missionary work in the Belgian Congo. ## TV and RADIO

By MONA BAKER  
Staff Writer

Revolving around the theme of responsibility in broadcasting today, the 13th annual Western Television-Radio Conference was held last week in San Francisco covering a wide range of topics all the way from reports on in-school telecasting to college curriculums in radio-television. Under the leadership of Stuart W. Hyde, chairman of the S. F. State College Radio-television department, participants included educators from leading western colleges and universities as well as representatives from industry, state and federal government, and school districts.

Such conferences are important to you because they cannot help but be reflected in more creative and effective public service programming — particularly in the educational field. Ahead stretch years of TV watching for your young ones. When responsible heads exchange ideas, television and radio, too, will be constantly improving. In the end you will be the judge of the effectiveness of the programming. As we've emphasized so many times, be selective in your viewing and listening, and if you like what you see and hear, write the stations and networks. It is so our tiny small voices speaking in the hall.

## Ribera Expects San Mateo To Be No. 1 In Track

Westmoor tied for the varsity track championship with San Mateo last year, but Ram Coach Ernie Ribera believes the local team will be hard put to fare as well this year.

"San Mateo is really loaded. From the looks of things at present, it appears we'll be battling Jefferson and Capuchino for second place," Ribera commented.

The Rams lost to Carlmont, 57-55, in San Carlos last Thursday. They met Galileo Tuesday and will vie with Lowell Friday on the Ram grazing grounds at 3:15 p.m.

Pete Daniels paced the varsity by speeding to a 16.0 in the high hurdles and 22.5 in the 180 low hurdles. The B's lost, 64-42, but Walt Prouty turned in an excellent performance. Prouty captured the 120 low hurdles in 14.9, high jumped 5-2, and was second in the 75 yard dash.

The C's were the only Ram winners, taking a 42-34 final tally. Bob Borba's mark of 39.8 in the 330, 16.4 in the 150 yard dash, and anchoring of the winning relay team helped to make the difference.

Ribera expects outstanding performances from varsity men: Daniels; Dave Lynch, low and high hurdles; Jim Buell, 220; George Herbst, 100 and 880; Barry Langberg, 100; Roger Johnson, broad jump; Ron Klingler, mile; Jim Ser-shen, 440; Tom Duke, low hurdles and broad jump.

Catholic charitable organizations and agencies of the Archdiocese of San Francisco aided 184,797 individuals or families in the 13 counties last year at a cost of \$5,238,770, it was revealed today at the annual meeting of Catholic Charities of the Archdiocese, in combined reports to Archbishop John J. Mitty.

The report showed 18 percent of the total expenditure was received from community funds and crusades, and 36 percent was obtained from donations by Catholic organizations, religious communities, Archbishop Mitty's Charity Appeal and capital funds. The remainder came from capital funds and fees paid by clients or relatives.

Nearly 500 displaced Dutch nationals from Indonesia were provided jobs and housing. ## + TEEN TALK +

By Joe Bavaresco

Dear Mr. Bavaresco:

I have been going steady with a girl for six months. We plan to be married this June after graduation. It has always been my parents' desire to send me to college. I feel I will stand a better chance if I do go to college, but my fiancée thinks we should be married and I could go to college after we are married. My parents keep telling me to wait until after I graduate. What do you think?

KEITH B.

Dear KEITH B.:

My answer to your problem is if your fiancée loves you, she will wait until you graduate from college, but if you feel that you can work and go to college at the same time, you should go ahead with your marriage plans in June. Perhaps she can get a job to help pay your way through school. It all depends on the individuals concerned. If you feel you are adult enough, and mature enough to settle down to a married life, then get married and have your college education. In that way, you both will be working for the same purpose, but if there is any doubt as to your being mature enough to settling down to married life, don't get married now. Get a part-time job and put yourself through school, then after you have your education, you know where you are going, you have both feet on the ground and you are more capable then of accepting married life.

Dear Mr. Bavaresco:

I am 17 years old. My boy friend and I, this last week end, went up to Reno and were married with my parents' consent, but not his parents'. He is 21 years old so he did not need his parents' approval. They are unhappy because we were not married in a church. I don't want to start off on the wrong foot with my new in-laws. I want to do what is right. How can I make it up to them and regain their love? Please help me.

MAY P.

Dear MAY P.:

It isn't too late to be married in the church. Go to your pastor, tell him of your problem and be re-married in the church. Invite all your friends and relatives for a nice wedding reception. In that way, you have pleased everyone, not only your new parents, but also your friends and relatives who would like to say congratulations on this most important step of your life. I can understand why his parents would feel hurt. Everyone would like to see their child married and celebrate the marriage with their friends and family so don't disappoint them and don't put it off. Make a date very soon, send out invitations and be re-married in the church—then and only then will you be absolutely sure that you have pleased everyone and most of all, your family.

Dear Mr. Bavaresco:

I have been going steady with a boy for three months. I have noticed that he swears a lot in front of me. He uses foul language when he is with his friends and allows his friends to use the same foul language in front of me. How can I make him stop this? It embarrasses me, especially when he does it in front of my friends. What shall I do?

DESPERATE

Dear DESPERATE:

It sounds to me as if your boy friend does not have respect for you. If you allow him to continue to swear in front of you and not correct him, he will continue looking respect for you and your love will suffer. Tell him privately when he is not with his friends how much you dislike the foul language and if this doesn't work, the next step is more drastic, but the only course to take. That is to correct him in front of his friends; therefore, his friends will respect you as he should. Tell him that if he doesn't respect you enough to watch his language in front of you, then he doesn't respect you enough to love you.

Mr. Bavaresco has recently started the T.N.D.C. (Teen-agers Non-Drinkers Club). If you would like a membership card to enjoy the privileges extended or have any ideas for stamping out our teenage drinking, write a letter to Joe Bavaresco, Camp Meeker, California.

## AT FIRST BIRTHDAY MEET

## Vista Grande-Thornton PTA Has Audio Visual Presentation

February 18 meeting of the Vista Grande-Thornton PTA commemorating its first birthday, was opened with a flag ceremony by Brownie Troop 124.

Familiar faces were recognized in the colorful and enlightening audio-visual presentation of "Your PTA at Work in San Mateo County."

Mrs. Forest Cunningham, historian for the unit and president-elect of the 17th District of the California Congress of Parents and Teachers, gave an explanation of Founders' Day.

Following the Founders' Day custom of giving honorary life memberships, Dr. Pauline Thompson, after introducing nine other life membership holders present, entranced the audience with her version of "This Is Your Life."

Chapter I was explained by Mrs. Ethel Hahn, principal of Woodrow Wilson School; Chapter II, by Mrs. Louine Bostwick, principal of Vista Grande and Thornton Schools, substituting for Mrs. Eleanor Zeno, principal of Colma (K-6) School.

Chapter III, H. Z. Weibel, principal of Daniel Webster School. The life story was appropriate for two people who have worked together for children far beyond the call of duty.

One was Mrs. Edna Daly, home teacher, whose award, due to her illness, was received by her husband, Joseph Daly, a Battalion Fire Chief in San Francisco. The other was a very surprised Mrs. Louine Bostwick. Members of the families of the two recipients present were Mrs. Daly's daughter, Maurine, and her sister, Mrs. Frank Steffen; Mrs. Bostwick's son, Richard Paulson and his wife.

## Molossi, Stoller Wrap Up Titles

Jefferson, as expected, rocked South City, 50-38, and the B's rolled to a 50-25 win last Friday at the South San Francisco gym.

The final game victories also found Jefferson making a clean sweep of scoring records for both varsity and B's. Gary Molossi, though playing for a 4-10 club, led the loop with 210 points. His average was 15.0 per game. Followers in the top five were Capuchino's Neil Calhoun, 203; South City's Kray Hensley, 179; Mills' Howie Sundberg, 174; and Burlingame's Bob O'Donnell, 164.

Sonny Stoller took lightweight crown scoring honors by edging teammate Bobby With. According to unofficial records, Stoller scored 161 points while With was next in line with 150.

Jeff's varsity pulled ahead at 26-10 at halftime. South City made a strong bid in the fourth quarter as Jeff Coach Mike Orlich substituted freely. When the 21 point Indian lead dwindled to 9 points, Orlich reinstated his first teamers.

Orlich had words of praise for the play of Molossi, Alan Lee, who scored 15 markers, and Rich Mortola, connecting for 10. Hensley's 17 points led South City.

## Rams' Dougherty, Cap's Calhoun Praised By Jeff

Jefferson High School basketballers picked their all-opponent basketball team last week, notorious only because they couldn't select their own fine guard, Gary Molossi, to the team.

Neil Calhoun, Capuchino's frozen answer to an iceberg, was picked on all ballots. Bill Dougherty, Westmoor's playmaker and point producer, was a close runner-up, barely missing being chosen by all voters. Rounding out the first five were Mills' bully of the backboards Howie Sundberg, San Mateo's quick scoring Mike Zocchi and Hillsdale's proficient popper Jim Price.

Second teamers were Hank Moritz, Hillsdale; Dave Baisley, San Mateo; Randy Rothman, Capuchino; Bob O'Donnell, Burlingame; and Barrett Sindici, Mills. Two alternates were named: Rich Jefferies, Mills, and Clark Beerman, Westmoor.

## RAMS' ALL-FOE TEAM DIFFERS FROM JEFF'S

Westmoor's all-opponent basketball team is considerably different from Jeff's.

One of the reasons is because Bill Dougherty, of the Rams, couldn't be picked and Gary Molossi, of Jeff, was. Molossi was rated right behind Cap's Neil Calhoun by the Hilltoppers. Westmoor's cagers agreed with Jeff on selection of Jim Price, Hillsdale. The fourth and fifth spots consisted of players picked on Jeff's second team.

Dave Baisley, San Mateo, and Bob O'Donnell, Burlingame, were the honored basketballers. Hank Moritz, Hillsdale, Mike Zocchi, San Mateo, and Howie Sundberg, Mills, were two athletes. Jeff picked on the first club, but Westmoor ranked eighth and ninth. Kray Hensley, South City, rounded out the first ten.

## Capacity Crowd Sees Golden Glove Hopefuls

More than 1000 persons filled the War Memorial Community Center to capacity while watching 25 boxers move ahead a step in the battle for Golden Gloves fame last Thursday.

Proceeds went to the two sponsoring groups, Daly City's Police Athletic League and Our Lady of Perpetual Help Men's Club. The organizations also have bouts scheduled for March 24. Ten amateur bouts will be held that night.

## Jeff Tracksters To Debut Friday Against Lincoln

Jefferson's track men will make their 1960 bow at Kezar against Lincoln High of San Francisco this Friday.

On Tuesday Jeff will host Lowell High.

The meet is in preparation of Peninsula League meets which start on March 25. Indian Coach Bob Watt would like to see his team move up two notches over what they have shown since he's been coaching there. Watt has had two third-place thinned teams, and though this is a good showing, he would like to do better this year.

His hopes rest mainly on Anibal Davila and Bob Alverio, mile runners; Joe Vaez, half mile; Bob Nielson, shot put and discus; John Margaroni, sprints and broad jump; Art Banos and Willie White, high and low hurdles; and Gary Monyhun, discus.

Watt has 96 aspirants out for the track squad. The varsity has 30, B's 40, and C's 26.

## ALUMNI CAGERS FELLED

Jefferson's varsity and 130's eked out victories over alumni teams last week, the varsity, 48-47, and B's 44-43, in overtime.

Bobby With scored the winning bucket during the extra time game and added 15 other points to capture game high honors. Alumni B's and points scored were: Al Lagomarsino, 12; Rich Trantham, 7; Ron Kalinin, 0; Mike Willis, 3; George Miller, 2; Larry Hutchinson, 3; Hank Edwards, 4; Ino Patron, 6; George Ojakian, 2; Ron Aguillo, 2; and Gary Romrell, 0.

Gary Molossi's 15 points led the varsity from a 14-point deficit to a one-point win. Alan Lee added 10 markers to the high schoolers' cause. Alumni players and points were: Ernie Howren, 2; Bob Berry, 0; Bill Allen, 0; Gene Firth, 6; Jerry With, 2; Tom Cloutier, 4; Roy Reitz, 4; Larry Blanchard, 9; Ray Rosa, 3; Darryl Hutchinson, 1; Rich Watson, 0; Al Fregoni, 9; Larry Pottinger, 6; Wes Yates, 1; Mike Cloonan, 0.

## Ram Wrestlers Lose At Mt. Diablo Meet

Three Ram wrestlers tasted defeat at the Mt. Diablo Sectional meet on February 20.

Sam Tellez, 112 pounds, Glenn Stenstrom, 120 pounds, and Len Jacobsen, 145 pounds, were defeated in the first round. Westmoor Coach Bob Blevins said, "I'm glad the boys reached that far. The good thing about it is that both Tellez and Stenstrom are juniors and we'll have them back for another wrestling season next year."

### RAMS FINISH THIRD THOUGH DROPPING FINALE TO MILLS

Westmoor concluded its most successful Peninsula League basketball season, under the direction of Coach Tony Giammona, even though losing to upset minded Mills, 50-47, in Millbrae last Friday.

The Rams ended third, two games behind Capuchino and one in back of San Mateo. Westmoor recorded a 10-4 mark.

Bill Dougherty, senior captain of the team, took over the Ram's highest total scoring by out-pointing teammate Barry Krohn by four points. Dougherty finished with 145 points for a 14.5 average while Krohn was but two points back at 143.

The Mills game was close all the way. The Rams came back from a 28-24 halftime deficit to take a 37-35 third quarter lead. Barrett Sindici led a Viking onrush in the fourth quarter and the Rams were upset for the second time during the year. The other underdog winner was Hillsdale, who tied for fourth with Mills at 8-6.

The lightweights were behind 27-20 at the half but poured 12 points through in the fourth quarter to make the tilt interesting. Final score was 54-51 in favor of Mills. Harry Brown, Westmoor's varsity and Jefferson's 130's surprised Peninsula League basketball opponents. The Rams ended third in league standings while Jeff's lightweights captured second. Both followed league-leading Capuchino, powerhouse of the loop.

## SPORTS SPIN

By LOU LUCIA

**PRETTY SOFT, COACH:** While four of the first six men on Westmoor's basketball team pick up a hardball and switch to baseball, Coach Tony Giammona will bend over for golf balls. Giammona, coach of the golf team, by his own admission, notes his golfers are so good he can take lessons from them. A pretty soft touch we'd say. By the way, we're wondering if Jefferson High School Superintendent Ed Morgan reads such items as this. Actually, Tony is one of the better coaches in the area and can take a joke. Now, excuse me as I unwrap this golf club from around my neck!

**JUST SITTING AROUND:** Jefferson High Coach Mike Orlich notes that we parked the back seat of our pants on the Westmoor bench during the big rivalry game. He claims that even Superintendent Morgan sits on each side for half the game. It wasn't partialism, Mike, believe me. However, we know that throughout the season Tony Giammona seldom used more than six players, while at Jeff the bench was often cleared. Actually we were afraid Orlich would accidentally send us into the game. And you know darn well Mike that "Monday morning quarterback" don't play at all!

**PREDICSHUN:** Before the season began we predicted how the basketball league would turn out. Pre-season "experts" never disclose how they pick them previously—unless they are exactly right. However, if each team were represented by an egg—"An order of scrambled eggs please." Maybe we could have those scrambled eggs with the two steak dinners we wagered on Westmoor beating Jefferson during the season. We hope the Jeff cagers realize that Orlich has stood by them through thick and thin. "Thick steaks, please."

**IT'S YOUR TURN, TONY:** To prove we're impartial, we'd like to reverse the bet next year in spite of the fact Westmoor will have four returning cagers. Reason: The return of Gary Molossi and Alan Lee at Jeff along with Sonny Stoller and Bobby With's moving up to the varsity. Any takers, Mr. Giammona?

Clark Beerman, honorable mention, Jim Kennedy, honorable mention, and Westmoor Coach Tony Giammona as a runner-up to Coach of the Year Jim Johnson, of Capuchino.

Four guards were chosen for the first team, three unanimously. They were: Neil Calhoun, also grabbing player of the year honors, of Capuchino; Dave Baisley, of San Mateo; and Dougherty, of Westmoor. Hank Moritz, Hillsdale, and Molossi, Jeff, rounded out the first five.

Unanimous choices for the second five were Krohn, of Westmoor; Howie Sundberg, of Mills; and Randy Rothman, Capuchino.

The first five 130's were all unanimous choices, split between Jefferson and Capuchino with San Mateo's Russ Lee being the only outsider. Ken LaCrosse, Capuchino B's coach, received his second special recognition award in two years for guiding the club to an undefeated league season.
